## **PREFACE**

Dear Friends,

At the onset of the year 2020 and later, whole world came across a new virus which cause Severe Acute Respiratory Syndrome Corona virus 2 (SARS- COV-2), which was later named as COVID-19. In the days to come this pandemic will gradually spread across the globe, as per experts. Together we can and will fight this pandemic, so let's join hands together and support each other as much as possible with the available resources

Our motto “**“**” itself depicts that we work for and with community by strengthening and empowering them so that they themselves move forward and raise concerned issues. We involve community members and adolescents too in planning, which helps us in doing need assessment and formulation of plan accordingly keeping in mind the need. Working with community, we have always been child centric with the belief that rights and responsibility always go hand in hand. BalSangathan (Children collectives), MahilaMandal (Women collectives) and Joint Basti Committee (Community Based Organization) are actively functional in intervention area which is the strength of ASES.

At the UN Sustainable Development Summit in September 2015, Sustainable Development Goals (SDGs) was adopted, where world leaders adopted a new 2030 Agenda for Sustainable Development which is “a plan of action for people, planet and prosperity”. It also seeks to strengthen universal peace in larger freedom. At the heart of this universal, integrated and transformative Agenda are the 17 Sustainable Development Goals (SDGs) arranged into three pillars: social, environmental, and economic covering 169 associated targets.

Apart from urban poor for and with whom we have been working and addressing issues like child rights, housing, basic civic amenities, social security schemes, agriculture & livelihood, awareness & advocacy, this year we got an opportunity to work for urban homeless people as well as for educational sponsorship of students. SHG members of rural areas have been empowered in such a way that they are financially supporting their families. During these years with commitment to social vision, our experience has made us believe that advocacy is at the core of democratic culture through which linkage between civil society and government can be developed.

In ASES, we work together closely and are mutually accountable to each other, ensuring that our fund and resources are utilized properly. We always ensure to adopt processes that are transparent and accountable.

We would like to thank district administration, respective departmental officials, other organizations, individuals and all those who stand with us and support us as and when needed. We would also like to thank our members for their commitment towards society and organization.

While being committed to improve the quality of life of people, as usual, we always welcome your comments and suggestions to help us nurture the society further in better way.

President

Secretary

## About us

AdarshSevaSansthan (ASES) came into existence in 1987 in Jamshedpur's brick kiln areas for ensuring education of children. Brick kiln settlements were established by migrant workers on the banks of the river 'Swarnrekha' and 'Kharkai'. Slums in Jamshedpur (Jharkhand) are situated on the periphery of the planned city. Although hutments are now semi-permanent, there is no recognition of these residents in larger urban development planning programs.

ASES started operation for the development of slum children as most of the children were malnourished, suffer health problem due to environmental changes and didn't attend school. In order to educate the slum children, ASES started working in slums by starting Non Formal Education School (NFES) comprising of 45 children in NTT basti, Jamshedpur. Gradually NFES in nearby basti followed. The year 1995-96 was a turning point for the workers as the lease of the brick kiln factories expired and was not renewed owing to environmental concerns. As a result the brick kiln factories were closed. The migrated workers however continued to live in these settlements which are currently situated in different parts of Jamshedpur which is part of the TATA Lease Agreement.

Children, Men and Women are empowered through BalSangathan (Children Collectives), JointBasti Committee (Community Based Organization) and MahilaMandal (SHGs) which is Strength of ASES. ASES's welfare initiatives address core issues on Human Right, Child rights, Women's empowerment, Environment, Education, Crèche (Palnagar), Livelihood and Advocacy

**Project Title:** Covid Vaccine Hesitancy Awareness

**Support Organization:** Child Rights & You

**Project Duration:** August 2021 to March 2022

**Overview of the Project:** An earnest initiative had been taken CRY-KOLKATA and ASES JAMSHEDPUR to create awareness of VACCINATION and remove unwanted fear, myth and hesitancy of VACCINATION among the slum dwellers.

**Location of Project:** 25 slums of Kadma and sonari

## **AWARENESS MEETING WITH THE SLUM DWELLERS:**

During the campaign period we had meetings with small groups for the awareness creation among the Slum Dwellers. Previously people had wrong conception or myth that had they be taken alcohol "CORONA" would not touch them. So they had hesitancy in taking vaccine or did not want vaccine. Among the "Adivasi community there was a wrong believe that vaccine may cause "Death". All these points were discussed with details facts and figures and made them believe that VACCINATION is SAFE and it is necessity for life. In this way we had created awareness among the slum dwellers.

## **NETWORKING MEETING WITH HEALTH DEPARTMENT AND AWW:-**

A continuous effort had been made and keeping touch with Health Department and AWW for organizing "Vaccination Camp" in slum area wherever it is necessary as per the demand of the slum dwellers. We had a regular consultation with Health Department regarding area, date and time of the slum people for organizing "Camps for vaccination". In this regard we had involved AnganwadiSevika and Sahiya for quick and effective information circulation of message of date and time of the vaccination camp. In this way had achieved maximum output.

## **VACCINATION AWARENESS CAMPAIGN:-**

For the Encouragement creation regarding vaccination, we had organized poster campaign in 20 Slum Basti. During poster campaign we involved Basti Leaders and "Bal Sangathan" for effective response. We had active participation from community leaders and Bal Sangathan also. We had organized "Nukkar Natak" (Street Play) for awareness creation among the slum dwellers. We had organized "Street Play" in 20 Slum areas and got very good response. During the campaign we used Mike and Loud Speaker for the greater impact from the audience. We also arranged 10 "Nukkar Sabha" (Street Meetings) in different prominent locality of the Slums. With the help of these street meetings, we convey the message that how can a common person overcome the fear of PANDEMIC and safe the life.

## **REHABILITATION OF 12 CHILDREN-**

In the second wave of Corona where the entire state was affected, East Singhbhum district Jamshedpur city was the most affected among all the districts of the state. Among all the zones of Jamshedpur city, Sonari- Kadma (where we have our work area) also had the highest number of positive cases and deaths from corona. During this, 12 such children were identified from the field of work, who had lost either of their parents or both due to corona and other reasons. On June 02, 2021, the information of the case of these children and family was shared with the "Dainik Jagran" press, in the lock down and treatment of the disease. This news of Adarsh Seva Sansthan was published by Dainik Jagran on 04 June 2021 with the headline "12 children orphaned by corona and other diseases in the city".

This news was tweeted by former MLA of Bahragora Vidhan Sabha, Mr. Kunal Sharangi, along with paper cutting to Union Minister Smt. Smriti Irani, Mr. Hemant Soren (Chief Minister, Government of Jharkhand) and Mr. Suraj Kumar (Deputy Commissioner, East Singhbhum). As a result, the district administration immediately issued orders to the District Social Welfare Department, Child Welfare Committee, District Child Protection Unit for the rehabilitation of these 12 children with the help of Childline and Adarsh Seva Sansthan, online production of all the children was done in front of the District Child Welfare Committee. These children and their parents will get immediate assistance of 20 thousand under 11 different social security schemes such as family benefit scheme, sponsorship, Ayushman Bharat, widow pension (to mother), labor card (to mother and guardian), scholarship scheme (labour). Under the card, sports kit, free education support (will bear the full cost of studies), school education kit, food support, production of ration card under Antodaya Anna Yojana etc. Out of these, 03 children and their families were handed over the file related to all the above schemes on 18 June 2021 with the help of Executive Chairman of Jharkhand State Legal Services Authority (Jhalsa) and High Court Judge Aparesh Kumar Singh and District Administration. Under the free education support, an order has been issued by the district administration to the school management to waive all the fees including the school fees of the children.

are emerged as Bal Sangathan Leaders. In children group meeting children gained knowledge in many topics, Acts and policies. After coming in Bal Sangathan meetings boys' concentration and positive thinking have increased.

## LIFE SKILL TRAINING-

Life skills are behaviors that enable individuals to adapt and deal effectively with the demands and challenges of life. Life skills training has led to an increase in the leadership and self-confidence of group mates of girls, boys and also for parents. In this year we organized 50 life skills training with boys, girls and parents in which 337 male and 680 female developed leadership qualities and aware about different issues. Parent has increased sensitivity towards child marriage and child rights issues. They learn and developed self-

confidence to express their views on various platforms. Increased creative thinking and communication skills in girls and increased information on reproductive health, gender inequality. With boys- boy talk module was introduced, aiming to help boys and young people come together, reject conservative ideas and replace them with new ideas/perspectives that they can choose naturally and to helped teenage boys to have their say, feel good about themselves, stay safe and make decisions with information.

### **SPORTS COMPETITION -**

Sports competition organized for girls and boys to reduce hesitation towards sports, to develop physical, mental and intellectual qualities, to make them responsible and increase their self-confidence. Girls' interest in sports has increased, due to which their hesitation slowing down, as they do not play any games earlier, but now started playing small games in the Basti. Girls came to the field for the first time and get the support of their parents in this. Children living in the settlement, who were not coming in the children's organization, started participating through sports and awaken the desire to join the children's group.

### **WOMEN'S SPORTS COMPETITION –**

Women's Sports Competition was organized on the occasion of International Women's Day. Women participated openly in many sports like running, in-out, skipping etc. The women said that “we have participated in sports competition for the first time in our lives; we never got a chance to play”. There was a lot of desire from inside but there was shame in playing due to fear of home, family and society. Women were never allowed to play in society, it was seen very poorly. This has also reduced the hesitation of women and also increased self-confidence.

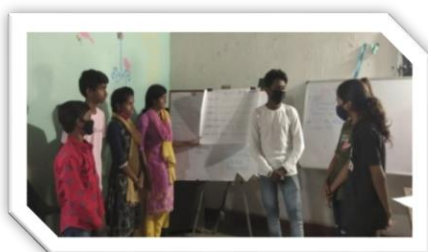

### **CREATIVE WRITING WORKSHOP-**

In this workshop trainer tried to recognize children their potential and hidden quality, so that they can use their time and energy in a positive way. Few group activities were done and children were given tips to enhance their writing skills. Trainer asked children to write an article everyday on any issue which can enhance their writing skill.

### **WORKSHOP ON CHILD RIGHTS**

Different workshop organized with Bal Sagathan members, leaders and with parents on child rights and child protection issues in their slum area. Children were learned how Child rights came in to force and what are Acts and polices met for the protection of the children. Child rights are the necessary environment and provisions for the overall development of children. The healthy development of children is crucial to the future well-being of any society. Because they are still

developing, children are especially vulnerable – more so than adults – to poor living conditions such as poverty, inadequate health care, nutrition, safe water, housing and environmental pollution etc. Total 70 children and 70 parents learned on these issues through different Workshops.

## **NATIONAL GIRL CHILD DAY**

National Girl Child Day is celebrated every year on January 24 across the country. Its objective is to provide maximum support and facilities to the girls of the country in every respect. Apart from this, another objective of National Girl Child Day is to raise awareness about discrimination against girls. It is believed that girls have been facing discrimination and violence in every aspect of life since ancient times. Now, it is time to give them their due rights. The government of India has brought several acts and made several amendments in the constitution to bring equality in society. This year we have also celebrated national Girl Child Day at ASES Sonari with 35 girls.

## **WORKSHOP OF RELIGIOUS LEADERS AND PRI MEMBERS**
